- Smart Home Automation. (C++, HTML, CSS, Javascript)
- GSM Remote Controlled Irrigation System. (C++)
- Biometric Attendance System. (C++, PHP)

## EDUCATION

Aug 2020 - June 2023	<b>University of Oslo</b> Master of Science	Programming and System Architecture
<i>Thesis:</i>	<i>Analysis of cybersecurity risks and recommendations for civil drones in Norway.</i>	
Jan 2014 - Dec 2017	<b>University of Development Alternative</b> Bachelor of Science	Computer Science & Engineering

## VOLUNTARY / OTHER EXPERIENCE

I am the **founding president** of a non-profit organization named “**Hridoye Bangladesh**” for about 200 Bangladeshis residing in Norway. Key responsibilities are planning, communicating, organizing events, building a network between Bangladeshis and Norwegians, forming and leading sports teams, budgeting, and finances.

**Photography:** I love making and sharing memories in the form of photos and videos. I mostly like to capture Nature, city life, and Wedding photos. I share these photos on my [Facebook](#) timeline.

**Vlogging:** I have a [YouTube](#) channel where I post travel, sports, and event videos.
